

### Smart, Fast, Focused Imaging for Every Format

**SPLAT!** provides world-class imaging services for 12 radio formats, with additional imaging products and production libraries available. As a smart radio imaging service, designed for ease of use, SPLAT! Offers maximum versatility and optimum sonic impact. SPLAT! gives radio stations everything needed to have attention-grabbing imaging, allowing them to enhance their brand and create a unique, identifiable station sound.

The **SPLAT!** online database contains more than 250,000 imaging essentials such as pre-produced sweepers, promo shells, branded song intros, production FX, artist IDs, listener voices, music beds, and more—including PPM friendly elements. But it doesn't stop there, the SPLAT! website is updated constantly to supply users with imaging that is always fresh and always on target.

Plus, **SPLAT!** backs everything with the best customer service in the biz.

**Features & Services:** Custom Imaging & Production. Production Libraries. Copywriting. Voiceover Services.
