

The Texting Platform That Radio Stations Love

TextGroove is radio's go-to messaging platform, used by over 2,000 stations to drive contests, song requests, alerts, and instant listener interaction. It text-enables your studio number—so no need for a new line—and turns every message into an opportunity to engage.

Whether you're building a listener club or automating keyword-driven campaigns, TextGroove gives you full control through a streamlined, radio-friendly interface. The system is simple, compliant, and backed by robust reporting tools to track engagement and growth.

Designed for promotions. Built for radio. Trusted by the best.

Features & Services: Studio Texting. Contest & Keyword Automation. Listener Clubs. Message Campaigns.
